

## **Pay your way through college by helping the CureDrive -- 45,000 cures and counting**

Work outdoors where and when you want -  
most of the time we earn \$30+ per hour.

You are required to pass through three interviews in order to get started. Each will be a little more than an hour, and can be done over the telephone from your home. The first is an orientation; the second a meeting with some people who are doing it, and the third is a communication class.

When you pass muster we'll lend you enough stickers at a time to bring in \$150-\$250 in donations -- 100 stickers. You're not selling, simply asking motorists if they'll support the Cure Drive by putting a bumper sticker on their car. You wear a sign that asks for a donation. The donations are yours, to keep you out there, less the cost of the stickers.

The CureDrive is the number two, and the number one English-speaking, group in Yahoo!'s Health Care category. It is connected to an Internet college where people learn how to cure things, and an internet CureShow, where people demonstrate curing right on the air.. It is a non--denominational religion, and therefore street-legal.

Street fundraising is also street cure-raising; the objective of your work will be to make the number of cures rise. You will be trained to accomplish that, and to answer questions; and you will earn while you train.

To save you long-distance charges I will call you: leave me a voicemail or send an e-mail with your phone number. I'm Greg, (813) 784-1495, or [greg@wayimmune.org](mailto:greg@wayimmune.org). Your noble aspirations really can sustain your life.
